Dear Parent / Carer

I write to appeal to you to park and drive sensibly on Trenance gardens, and be aware of other road users. I know you are often in a hurry to collect your child and go to other places but this does not mean safety should be sacrificed.

I have had a complaint from one of the local residents which mentions the following issues:

- 25/30% of cars parked, most likely waiting to collect children, had their engines running emitting pollution and therefore un-necessarily endangering the health of the children and local residents.
- Two cars were parked on the zigzags immediately outside the school entrance.
- A child ran from the school gates directly across the road without looking.
- Driver of a stationary vehicle parked part on pavement moves off and pulls out immediately in front of me.

The resident goes on to say “This careless attitude and lack of control by parents is an extremely poor example to children of your school.”

Is this how you would like Mayespark to be seen by our local residents? It is certainly not the way we teach the children to behave.

Please consider your actions and what they are teaching your children.

Thank you

Ms E Davies
