Dear Parents/Carers

We were informed yesterday by the Local Authority that five schools in the borough had received an email threatening to attack their pupils and staff. **Our school did not receive any threat**, but the Local Authority and the Metropolitan Police had made all schools aware as part of our safeguarding arrangements.

The threat was the subject of an investigation by police yesterday and we have been advised that a man was arrested by police last night and is in police custody. The police have also confirmed there are no suspects outstanding.

We are always vigilant in our school and have arrangements in place to protect and safeguard students while they are at school, and these will continue as they normally would today. We have been advised by the Local Authority that there is no need to take any additional steps and that the school can continue to operate as it normally would.

Thank you for your continued support.

Yours faithfully
