13th September 2022

Dear Parents/Carers

Warmer Homes

From October 2022 energy bills will have almost tripled in just one year, at a time when Londoners are already being affected by the growing cost of living crisis. The Mayor is acting now to support those impacted by focussing on immediate actions of making homes greener and warmer, reducing energy use and, therefore, lowering bills and cutting carbon. These actions will particularly help the most vulnerable Londoners who are disproportionately affected by the rising cost of living.

The Mayor of London's Warmer Homes programme provides free heating, insulation and ventilation improvements for low income Londoners who own their own homes or rent privately.

Read our advice and support about [staying warm and healthy during cold weather](#).
