

# NUMBOTS

## Goal

When it comes to number bonds and addition/subtraction facts, speed AND accuracy are important – the more facts your child remembers, the easier it is for them to do harder calculations.

Numbots is a fun and challenging programme designed to help students master their number bonds and addition and subtraction facts!

## Logging in to Numbots

1

Type **wonde** into your browser's address bar.

2

Enter 'Mayespark Primary School' > Login with Emoji Password

3

Click on 'Numbots' icon. It should automatically log you into Numbots.

## Game Modes

Children can select which mode to play in.

1. Story Mode – the emphasis is on learning the ideas and concepts behind addition and subtraction so it features more diagrams, shapes and question styles.
2. Challenge Mode – the emphasis is more on speed of recall of key facts, like number bonds to 10, doubling small numbers or adding & taking away in your head.

The more questions they answer, the more coins they will receive. We will announce the top earners in each class, each week.
