

Maths

- Geometry and Statistics (circles, pie charts, line graphs, mean, average)
- Number: ratio and scaling
- Reasoning - children will explain and justify methods and strategies
- Problem solving - children will apply skills to solve a variety of problems

Computing

- Online Safety: inappropriate content
- Quizzing

RSHE

Relationships: Personal welling; power and control; safety online.

RE

What does religion say to us when life gets hard?

PE

Outdoor

Athletics: decathlon-to develop skills in running, jumping and throwing .

Indoor

Gymnastics: group work – symmetry, balance and travel.

Music

Composing a soundtrack

Starting point

Children will have a moral debate: How does power change things?

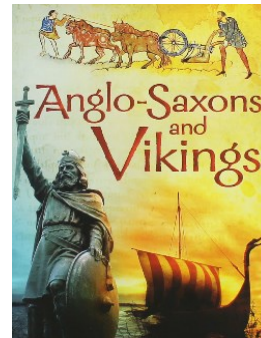

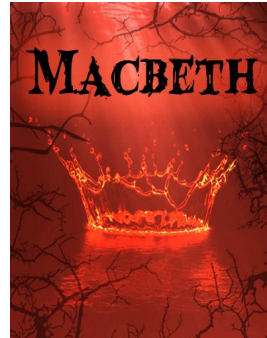

Big Issue

Children will be asked to think about power struggles and the influence of choice.

Text: Macbeth by William Shakespeare

Year 6 Summer 1

English

Discuss the moral dilemmas raised by the themes in the text. Explore the language of the historical period and the effect on the reader. Writing will include a narrative piece and a formal closing statement.

Science - Animals including humans

Learning about the circulatory system (heart, blood and vessels). Discussing the importance of a healthy diet and regular exercise on our bodies. Exploring the transport of nutrients through the body.

History

The Viking and Anglo-Saxon struggle for the kingdom of England. Explore who the Vikings were and how they arrived in Britain. Consider the reasons behind why the Vikings decided to come to Britain.

Ways in which you can support your child at home...

Below is a list of activities available on three different websites we subscribe to as a school, for which your child has their own login and password. These activities have been selected for your child to complete this half term, as they support learning in class. If you have difficulty accessing any of the sites, please contact your child's teacher.

LGFL

Switched on Science

<http://mathsathome.lgfl.org.uk/>

Maths at home

<http://mitrw.lgfl.org.uk/index.html>

English

A weekly activity will be available for

<https://www.spag.com/>

Children should also access reading plus from home three times per week.

<https://student.readingplus.com/>

Maths

Children have access to times tables challenges to support fluency in multiplication and division facts.

<https://play.trockstars.com>

Reading

Ensuring your child reads at home is one of the most important things you can do to support their learning. In Year 6, we expect children to read at home **at least six times a week for at least 30 minutes a day**. Please ensure your child signs and dates their reading record when this has been done.

Once your child is told they are an 'independent reader' they can record in their reading record themselves. We then only expect parents to listen to their child read and sign their reading record once a week. Children are able to change their book whenever they are ready to. Please speak to your child's class teacher if you have any questions about the books your child brings home.
